Innovative + Powerful

The cordless dry-core drill ABDB 82 from Baier is given the WORLD TOOL AWARD in the Professional class of the Cordless Dry-Core Drills category.

The WORLD TOOL AWARD is presented to the ABDB 82 because it particularly impressed the jury regarding performance and innovation.

The WORLD TOOL AWARDS are granted annually. With the awards, the expert jury recognizes products that stand out from the competition thanks to new ideas or technologies, precise and durable build quality, the use of high-quality materials, or an excellent price-utility ratio.
